

***Please join in the fun to participate in the
National Kidney Foundation of Maryland's
Kidney Walk Dialysis Center Challenge!***

What is the Dialysis Center Challenge?

The Dialysis Center Challenge is a competition between dialysis centers to increase awareness for and participation in the Kidney Walk. The goal of the competition is for each dialysis center to try to raise the most money for the National Kidney Foundation of Maryland. You and your team members can register online and keep track of your competition – how much money you have raised, how many team members you have recruited – as well as tracking your competition! The winning center will be announced shortly after the Walk and will be rewarded with a trophy that they will be able to display in their center for one year, until next year's Walk.

Why participate in the Dialysis Center Challenge?

This is your opportunity to make a difference for thousands of people who are currently on dialysis or waiting for a life-saving organ transplant while having F-U-N doing it!

How do I get involved?

Just register your dialysis center team today! Volunteer to be a Team Captain or to walk on a team, and start raising money for the NKF-MD! It does not matter how large or small your dialysis center is – you can get your family, friends, neighbors, co-workers and even your patients and their families to walk with you.
